WESTCHESTER COUNTY,

SING SING. Although the spring election is more than a month off, both parties in this town are making preparations for the contest, and candidates for the several offices on both sides are being dis-cussed. As all town officers are to be elected for two years, instead of one year, as heretofore, the two years instead of one year, as heretefore, the election becomes of increased importance. Ossining, in which this village is located, is a Republican town. It was carried by Roosevet last fall high an in the last several elements of the last several elements. When the was carried in the following the last several elements has been returned regularly to the Democrat, has been returned regularly to the Democrat, has been returned regularly to the Democrat, has been returned regularly to the normalisations for Supervisors ever since 1886. Time and again the Republicans have made excellent mominations for Supervisor, and while the rest of the ticket would be successful the candidate for Supervisor would be defeated, once by the marrow majority of 16. This year the Republicans are determined to redeem the town in this particular, and efforts are being made to unite the several elements of the party for this purpose. At present the most-talked-of candidate for Supervisor among the Republicans is John F. Jenkins, who served as a corpornal in Company C. Tist Regiment, in the Santbago campaign, and has kept silent since he came hound, the is a young man and is well known throughout the county, as his and the found. before him. He has a host of friends in both parties and in both wings of his own party. If he can be induced to head their ticket, the Republicans believe they can make a clean sweep this spring, as the Democrats of the town are split up among themselves; and while they will renominate Mr. Todd there will be a bitter contest over the nominations for all the other important offices.

The police authorities of the village believe that they know the men who attempted to rob the superintendent's office on the Macy estate on Saturday morning, and the suspected persons are being closely watched. Bogart, the wounded watchman, is doing fairly well. His wound is a painful one, the bullet having traversed almost the entire length of his leg below the knee.

NEW-ROCHELLE.

The family of William H. Crawford, a New-Nork merchant, had a narrow escape from being burned to death in a fire at their home about 5 o'clock yesterday morning. The house is in Guton Place, and is a two-story frame structure. The room upstairs above the klichen is used for a nursiery. Yesterday morning the nurse was aroused by a strangling sensation and was horrifed to find the room filled with smoke and fiames. She ran to the door and gave the alarm to the other occupants of the house, and then returned and was joined by Mr. Crawford, who assisted her in carrying the three children downstairs. The children were almost unconscious from suffocation. In the mean time a mald succeeded in getting Mrs. Crawford out of the burning building, and the family was taken to the homes of neighbors, where clothing was secured. The Fire Department saved the house without nuch damage to the contents. The fire is said to have started from matches carried by mice and deposited between a partition dividing the kitchen and the bathroom. The family of William H. Crawford, a New-
